

In search of the Northern Lights

Evening excursion, 25 November 2011

From Manchester airport

From £189.95pp

Enjoy a wonderful journey through the stars in a quest to see one of the most spectacular natural phenomena known to man. Our guest astronomers will guide you on your voyage of exploration through the crystal-clear winter sky and we hope to see the Northern Lights from the aircraft as we reach the Shetland Isles.

- Pre-flight illustrated presentation by our guest astronomers
- Flight to the stars of approximately three hours
- Services of our astronomers on board
- Airport taxes

Important note: the Northern Lights are natural phenomena which cannot be guaranteed to occur during our flight, although they have been visible on many previous outings. Our guest astronomer advises at least an 80% chance of a sighting.
