

I am delighted to announce a new service from Co-op Funeralcare, the UK’s market leader in funeralcare provision. With immediate effect, Lancashire Police Federation Members and their families can purchase a fully guaranteed Co-op Funeral Plan (which range from £2,995 for a Simple Plan to £3,999 for a Gold Plan) at a specially discounted rate. As a Member, you will be entitled to a special discount of **£150** off of these prices.

Co-op’s range of Funeral Plans have been designed to provide comprehensive cover with no hidden extras, and all Co-op’s Plans include the unique Co-op Commitment as standard, which means that should a Plan holder pass away before the Plan has been fully paid, the Co-op will guarantee the Funeral service without passing the financial burden onto the next of kin.* Co-op’s Funeral Plans can be redeemed at anyone of their nationwide network of more than 1,000 funeral homes.

Given that the cost of funerals has almost doubled in the last 10 years, one over-riding benefit of the Funeralcare scheme is that the cost of a funeral is fixed at today’s price, irrespective of how much funeral costs may increase in the future. Unlike many other funeral providers, the Co-op also guarantees to cover ALL essential third-party costs for both burial and cremation.

To take advantage of this benefit, Members can:
